01 COMPANY OVERVIEW

Who we are and what drives us

2020	100%	SADC
Year Established	Black Owned	Regional Reach

Xoma Investment (Pty) Ltd is an independent, 100% Black-owned South African company specialising in the supply, distribution, and maintenance of critical industrial goods and services. Founded in 2020 by Thandolwenkosi Ndumiso Gama and Nurse Mary Gama, the company was established to seize the opportunities created for Previously Disadvantaged Individuals and to contribute meaningfully to South Africa's economic growth.

We operate across South Africa and the broader SADC region, serving clients in mining, energy, power generation, cement, steel, pulp and paper, ports, and manufacturing industries. Our expertise spans fabrication, conveyor maintenance, industrial supply, and electrical, pneumatic, and hydraulic systems — enabling us to deliver comprehensive, turnkey solutions to our clients.

Xoma Investment is built on two foundational pillars:

RELATIONSHIP & BEHAVIOURAL DIMENSION

We build deep, trust-based relationships through open communication and close working partnerships — becoming a true extension of our clients' operations.

CLUSTERING & ALLIANCE ACTIVITIES

We form strategic alliances to tackle complex projects and deliver non-core activities for large institutions — on commercial principles, not social obligation.

Company Registration Details

Registration Number	2020/103431/07
Directors	Thandolwenkosi Ndumiso Gama | Nurse Mary Gama
Year of Incorporation	2020
B-BBEE Status	100% Black Owned — B-BBEE Compliant
Area of Operations	South Africa (SADC Region)

02 VISION, MISSION & VALUES

The commitments that guide everything we do

OUR VISION

To be the preferred, market-driven engineering and industrial supply enterprise across Africa — recognised for operational excellence, technical innovation, and our unwavering commitment to empowering communities.

OUR MISSION

To satisfy our clients' needs with the highest quality goods and services — cost-effectively, with professionalism and integrity — while creating sustainable employment opportunities for South Africans.

Vision Strategy

To realise our vision, Xoma Investment has committed to the following strategic objectives:

- Meet and exceed client expectations by delivering services to the highest possible standard.
- Conduct all business with professionalism, transparency, and ethical practice.
- Actively engage and support the communities in which we operate.
- Develop and retain skilled personnel who embody our values and drive our growth.
- Build long-term partnerships with clients, suppliers, and industry stakeholders.

Our Core Values

RESPECT

We treat every client, employee, and stakeholder with dignity — regardless of age, background, or role. Mutual respect is the foundation of every relationship we build.

INTEGRITY

We demonstrate integrity by striving to deliver optimum value for our clients. We negotiate honestly, keep our commitments, and take accountability for our actions.

QUALITY

A passion for quality drives everything we do. We consult with our clients to understand their needs and deliver solutions that consistently meet or exceed expectations.

SAFETY

The health and safety of our team and our clients' personnel is non-negotiable. We comply with all relevant legislation and maintain a proactive safety culture on every site.

EXCELLENCE

We pursue high standards of efficiency and effectiveness in every engagement — continuously improving our processes, skills, and capabilities.

EMPOWERMENT

We are committed to creating opportunities for Black people, women, the youth, and people with disabilities — contributing to a more equitable South African economy.

03 WHAT WE OFFER

Comprehensive industrial solutions across four specialised divisions

Xoma Investment operates across South Africa, delivering supply and maintenance services to industrial facilities including mining operations, power plants, cement plants, steel mills, ports and fertilizer factories. Our proficiency in fabrication and conveyor maintenance enables us to execute full turnkey projects from conveyor belt installation and splicing through to commissioning and ongoing system maintenance.

We tailor our service offering to your specific requirements, ranging from technical guidance and site surveys, through preventive maintenance programmes to full operation and maintenance contracts where we take complete responsibility for the upkeep of your conveyor systems.

01 INDUSTRIAL SUPPLY & DISTRIBUTION

Supply and distribution of critical mechanical and electrical components including pump spares, electrical spares, conveyor components, valves, actuators, and general MRO items.

Pump Spares	**Electrical Spares**	**Conveyor Components**	**Valves & Actuators**

02 ENGINEERING & FABRICATION

Custom engineering and fabrication including structural steel works, certified welding, bespoke metal component manufacturing, and conveyor frame builds and repairs.

Steel Structures	**Custom Fabrication**	**Certified Welding**	**Frame Builds**

03 CONVEYOR MAINTENANCE

Comprehensive conveyor servicing including belt splicing, pulley lagging, idler and roller replacement, carry-back control, drive system maintenance, and site maintenance contracts.

Belt Splicing	**Pulley Lagging**	**Idler Replacement**	**Maintenance SLAs**

04 ELECTRICAL, PNEUMATIC & HYDRAULIC SYSTEMS

Installation, testing, commissioning, fault diagnosis, repairs, and upgrades of electrical control systems, pneumatic circuits, and hydraulic power units.

Installation	**Commissioning**	**Fault Diagnosis**	**System Upgrades**

04 PRODUCTS & SERVICES

A comprehensive catalogue of industrial goods

Electrical Spares

We supply a comprehensive range of electrical spares and components for industrial applications, sourced from quality manufacturers:

Electrical Motors	**Electrical Cables**	**Electrical Glands & Shrouds**	**Electrical Circuit Breakers**
Electrical Transformers	**Flame Proof Lights**	**Flame Proof Electrical Panels**	**Electrical Service & Maintenance**

Pump Spares & Pumps

We stock and supply a full range of pump spares for centrifugal and positive displacement pumps used across mining, water treatment, and industrial processing:

Pumps (Various Types)	**Gland Packings**	**Bearings**	**Pulleys**
Taper Lock	**Plummer Blocks**	**Wedge V-Belts**	**Seals & Fittings**

Steel Work & Steel Structures

Our engineering team delivers custom steel fabrication and structural installation services for industrial environments:

- Fabrication & Installation of Custom Steel Products
- General Steel Engineering and Structural Work
- Steel Building Erection, Dismantling, and Modifications
- Installation, Maintenance, and Repair of Steel Structures
- Planning, Scheduling, and Project Management Services

Valves — Full Range

We distribute and supply a comprehensive range of industrial valves for mining, energy, and process industries:

Wedge Gate Valve	**Parallel Slide Gate Valve**	**Knife Gate Valve**	**Sluice Gate Valve**
Pressure Seal Gate Valve	**Through Conduit Gate Valve**	**Rising Stem Gate Valve**	**Needle Globe Valve**

Bellows Globe Valve	**Angle Globe Valve**	**Y-Type Globe Valve**	**T-Type Globe Valve**
Straight Pattern Globe Valve	**Pneumatic Valves**	**Hydraulic Valves**	**Control Valves**
Safety Relief Valves	**Ball Valves**	**Butterfly Valves**	**Hydraulic Fittings**

05 CONVEYOR BELT COMPONENTS

SANS 13.13 compliant — customised to your application

Xoma Investment supplies a complete range of conveyor belt products compliant with all international standards and SANS 13.13. We fabricate and manufacture most components according to client requirements and application specifications, ensuring exact fit and performance.

Idlers

Troughing Idler	**Impact Idler**	**Impact Flat Idler**	**Self-Training Idler**
Rubber Disc Return Idler	**Self-Training Return Idler**	**Picking Table Idler**	**Flat Return Idler**
V-Return Idler			

Conveyor Belt Rollers

Steel Roller	**HDPE Roller**	**Weigh Scale Roller**	**Lagged Roller**
Anti-Runback Roller	**Impact & Disc Roller**		

Belt Scrapers

V-Plough Scraper	**Primary Scraper**	**Secondary Scraper**	**Industry Scraper**

Conveyor Belt Pulleys

Head Pulley	**Tail & Wing Pulley**	**Bend Pulley**	**Take-Up Pulley**
Snub Pulley	**Drive Pulley**		

Impact Beds

Light Duty Impact Bed	Medium Duty Impact Bed	Heavy Duty Impact Bed	Impact Bars

Conveyor Belt Frames

Xoma supplies durable, robust stainless-steel frames for its entire range of conveyor belts, accommodating all widths and application types. Our frames are customised to your application dimensions and requirements.

- Trough Frames — for standard belt conveying applications
- Return Frames — supporting the return strand of the belt
- Transition Frames — bridging between troughing and flat sections
- Impact Frames — protecting the belt at loading points
- V-Return Frames — for V-shaped return strand configurations

Our frames are designed for hard and soft rock underground mining as well as surface works and processing plants — developed to the highest standard of capability and durability.

06 CONVEYOR MAINTENANCE

Maximising uptime through best-in-class maintenance programmes

Conveyor belt maintenance has been a primary service of Xoma Investment since our founding. We provide comprehensive, time-tested maintenance programmes that protect our clients' capital assets and minimise costly unplanned downtime.

Comprehensive Conveyor Servicing

- Idler and pulley lagging inspection and replacement
- Carry-back and spillage control and management
- Drive system inspection and maintenance
- Cover thickness measurement and monitoring
- Belt scanning to assess carcass quality and splice integrity
- Belt splicing — hot and cold methods for all belt ratings
- Pulley alignment and tracking correction
- Conveyor structure inspection and remedial works

Service Delivery Models

We adapt our delivery model to suit your operational requirements:

Guidance & Oversight

Technical advisory and supervision services for client maintenance teams.

Conveyor Audits & Site Surveys

Comprehensive condition assessments and recommendations reports.

Preventive Maintenance Contracts

Scheduled, planned maintenance programmes to prevent failures.

Full Operation & Maintenance

We take complete responsibility for your conveyor system operation and upkeep.

07 VALVES & ACTUATORS

Comprehensive valve and actuator supply for all industrial applications

Xoma Investment distributes and supplies an extensive range of valves and actuators from leading manufacturers, ensuring reliability and performance across diverse industrial and mining applications. We help our clients select the right valve for their specific process requirements.

Actuator Types

Ball Valves	**Gate Valves**	**Control Valves**	**Butterfly Valves**
Dart Valve Actuators	**Linear Actuators**	**Circular Actuators**	**Hydraulic Control Valves**
Hydraulic Steering Valves	**Safety Relief Valves**	**Pneumatic Valves**	**Hydraulic Fittings**

08 SAFETY, HEALTH & ENVIRONMENT

Our unwavering commitment to zero harm

Xoma Investment (Pty) Ltd is committed to providing and maintaining a working environment that is safe and without risk to the health and safety of its employees, clients, and all associated persons. We pledge full cooperation and commitment to SHEQ Safety Policy compliance on every site and in every engagement.

Company Responsibility

- Provide and maintain a safe working environment on all sites and in all operations.
- Identify and mitigate all foreseeable risks to health, safety, and the environment.
- Comply with all relevant health and safety legislation, standards, and client requirements.
- Ensure all personnel are adequately trained and equipped with appropriate PPE.
- Investigate all incidents and near-misses and implement corrective actions.

Employee Responsibility

- Comply with all relevant legislation, instructions, rules, and procedures.
- Take reasonable care to protect their own health and safety at all times.
- Take reasonable care to protect the health and safety of fellow workers and others.
- Use and maintain personal protective equipment correctly and consistently.
- Report any situation or act that poses a risk to any person, promptly and without fear.
- Co-operate fully with all persons responsible for health and safety compliance.
- Maintain a positive mental attitude and prioritise mental health and wellbeing.

09 QUALITY, POLICIES & B-BBEE

Standards, compliance, and our commitment to transformation

Quality Assurance & Control

Xoma Investment focuses on consistent application of quality policies to manage and deliver best-in-class performance on every project. Our quality assurance methodology ensures that all deliverables conform to agreed specifications and client expectations.

- Conform to agreed specification standards and performance requirements.
- Introduce and maintain quality awareness across all levels of the organisation.
- Continuously improve our quality management system based on international standards.
- Conduct regular quality reviews and corrective action programmes.

B-BBEE Strategy & Commitment

Xoma Investment (Pty) Ltd is a 100% Black-owned enterprise, committed to driving meaningful transformation and economic inclusion across South Africa. Our B-BBEE approach is comprehensive and proactive:

- Increase Black participation and ownership at all levels of the economy.
- Support Black women, youth, and people with disabilities through equity, management, and employment.
- Expand opportunities for Previously Disadvantaged Individuals as majority stakeholders.
- Maintain a broad-based empowerment plan addressing youth entrepreneurship and disability inclusion.
- Actively support clients in meeting their B-BBEE procurement scorecard requirements.

Safety Management Policy

Our risk management policy ensures that all business activities are conducted in a manner that prevents occupational disease, accidents, and harm to persons and property. We systematically identify, assess, and mitigate all foreseeable risks associated with our operations.

Quality Management Policy

Our future depends on our ability to deliver quality products and services that conform to our clients' expectations. We are committed to continuous improvement of our quality management system based on international standards — ensuring that quality is embedded in everything we do, not applied as an afterthought.
